## 1. Saftey Information

**Review this owner's manual and read all warning labels on the machine prior to use.** The three main safety notifications used in this manual and on the warning labels are **WARNING, CAUTION** and **NOTICE**. They have specific meanings and indicate the potential dangers from misuse of the machine.

WARNING ADVERTENCIA AVERTISSEMENT	<b>"WARNING!"</b> indicates a hazardous situation, which, if not avoided, could result in death or serious injury. These serious injuries could include permanent loss of function or significant disfigurement, disability, considerable pain and suffering, amputations, se vere burns, and loss or impairment of vision or hearing. Take all necessary precautions to avoid unnecessary
	<b>"CAUTION!"</b> indicates a hazardous situation, which, if not avoided, could result in minor or moderate injury.
NOTICE	<b>"NOTICE"</b> indicates practices that do not involve physical injury but may damage the machine.

## **1.2 Safety Precaution Summary**

### WARNING!

- **BE SURE** that the remote power switch is installed by a qualified electrician. Refer to local codes for proper placement of the remote power switch.
- **DO NOT** attempt to replace any damaged electrical wire or components. Improper replacement could result in electric shock and serious injury. Only a qualified service representative should attempt to repair or replace any damaged electrical components.
- 🛕 Review this owner's manual before installing or operating.
- The machine must be properly grounded prior to use. In the case of an electrical short circuit, arounding reduces the risk of electric shock by providing an escape wire for the electric current.
- Check with a gualified electrician if you don't completely understand these grounding instructions, or if you are not sure whether the machine is properly grounded. Do not modify the plug provided; if it won't fit in the outlet, have a proper outlet installed by a qualified electrician.
- Follow the lockout/tagout procedures of your company.
- **A** Do not open the door until the machine comes to a complete stop.
- A Review product label, Material Safety Data Sheet, and HMIS rating of materials prior to mixing to determine potential hazards.
- Machine is rated for Class I, Divisions 1 & 2, Groups C & D; Class II, Divisions 1 & 2, Groups E, F, & G locations.

"WARNING: This product may expose you to chemicals including DEHP, which is known to the State of California to cause cancer. For more information, go to www. P65Warnings.ca.gov

#### **CAUTION!**

- Keep the work area free of clutter and electrical cords.
- DO NOT disable the limit switch. This switch interrupts power when the mixer door is opened.
- 1 Use the proper power source. Refer to the machine data plate on the right side panel or section 2.2, Specifications, in this manual.
- Keep customers away from the work area. The machine should be used only by properly trained individuals.

Clamp the can carefully to ensure that it is held securely during the mixing cycle.

Product safety labels should be inspected and cleaned periodically to maintain good legibility. Replace any labels that are no longer legible.

## 2. Introduction

PADIA

### 2.1 Application

Congratulations on your purchase of the 1025 Red D Mix one gallon gyro mixer. This machine is designed to accommodate standard plastic or metal 1-gallon paint cans weighing up to 25 lbs. (11.3 kg)

Understand your machine's features and proper operation to take full advantage of its capabilities.

Read this entire manual completely before operating the machine. Practice installing and removing a container before mixing for the first time.

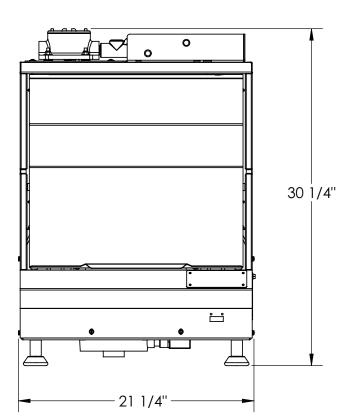

Keep this manual for future reference.

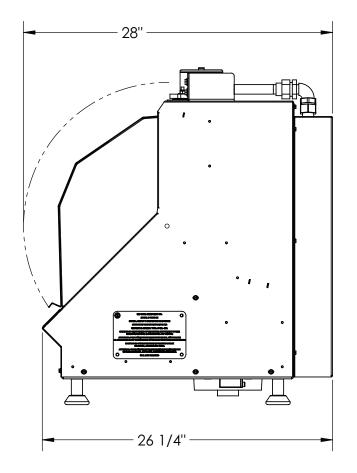

#### Always follow all safety instructions!

### 2.2 Specifications

**Unit Size: W** 21.3 in. (54 cm) **D** 26.3 in. 66.8 cm) **H** 30.3 in. (76.8 cm) Machine Weight: 127 lb. 57.6 kg) Electric Service: 110 V 60 Hz Capacity: 25 lb. (11.3 kg) Sizes Mixed: one gallon, one qt.,

Machines rated at 110 V, 60 Hz are for use with a nominal 120 V circuit.

## 3. Unpacking & Installation

**IMPORTANT:** Before attempting to operate the machine:

- 1. Remove all packing material.
- 2. Position the machine on a firm, level surface.
- 3. Follow the electrical connection instructions described in Sections 1.2 & 2.2.

## 4. Operation

### 4.1 Install a Container

- 1. Open the cabinet door.
- 2. Use the rotate-assist pins to rotate the mixer to the upright position when loading and unloading.
- 3. Pull the ratchet lever (A) toward you and turn the handle on the top of clamp (B)
- counterclockwise to raise the plate.
- 4. Slide the container under the clamping (top) plate (C).
- 5. Position the can in the grooves on the bottom plate **(D)**. The grooves on the plate keep the pail in place during mixing.
- 6. Lower the clamping plate **(C)** by turning the handle clockwise. Once the plate makes contact with the pail, tighten an additional 1 2 clicks for metal cans. 3 clicks for plastic cans.
- 7. Secure the handle by locking it in the grooves on the top plate (E).
- 8. Close the door and start the machine.

Notice: Avoid damage to the machine.

- A safety interlock interrupts machine operation if the door is open.
- Do not operate the machine without a can installed.

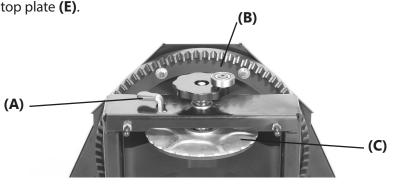

### 4.2 Remove a Container

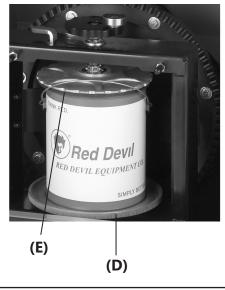

**WARNING!** Avoid serious personal injury. Do not open the door until the machine comes to a complete stop; moving parts inside could cause serious injury.

1. Unfasten the handle.

2. Raise the clamp all the way to the top by holding the ratchet lever **(A)** open while turning the crank handle counter-clockwise.

3. Remove the container:

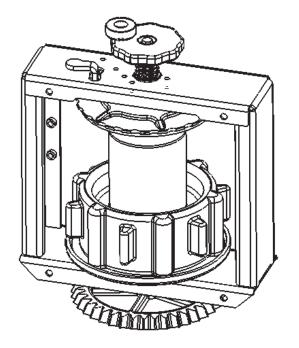

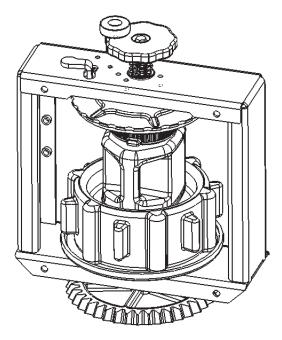

....Operation, Continued

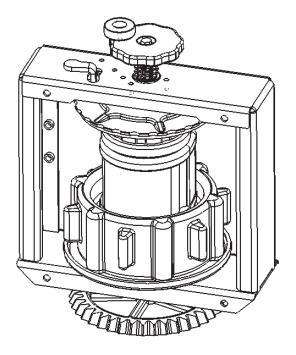

### 4.3 6784604 Quart Adapters

**Round Quarts:** Load as shown, place in mixer lid side up.

**Square Quarts**: Load as shown, place in mixer lid side up.

**D-shaped Quarts:** Load as shown, place in mixer lid side up.

## 5. Care and Maintenance

**WARNING!** Avoid serious personal injury. Always unplug the power cord before performing maintenance tasks.

### 5.1 Cleaning

- Avoid serious personal injury! **DO NOT** use solvent-based cleaners or thinners, or other combustible cleaners.
  - Remove water-based/glycol colorants or base paints spilled on machine surfaces using lukewarm water and mild detergent.
  - Do not use abrasives to clean machine surfaces. Doing so may damage the appearance of the machine,
  - Keep the machine clean for reliable operation.

### 5.2 Maintenance

#### Lubrication:

1. Speed Reducer: Maintenance is not required. If an oil change is necessary due to debris build-up:

**a.** Remove the oil drain plug on the bottom side of the machine and drain the oil from the gearbox. Replace the plug.

**b.** Remove the oil level plug and fill only up to that level with Mobil SHC 634 Synthetic oil. Do not overfill or underfill. Replace the plug

- 2. Clamp: Lubricate the clamping screw threads and thrust bearing as needed with 3-in-1 oil.
- 3. Ratchet Lever: Lubricate the shaft as needed with 3-in-1 oil.

Drain plug

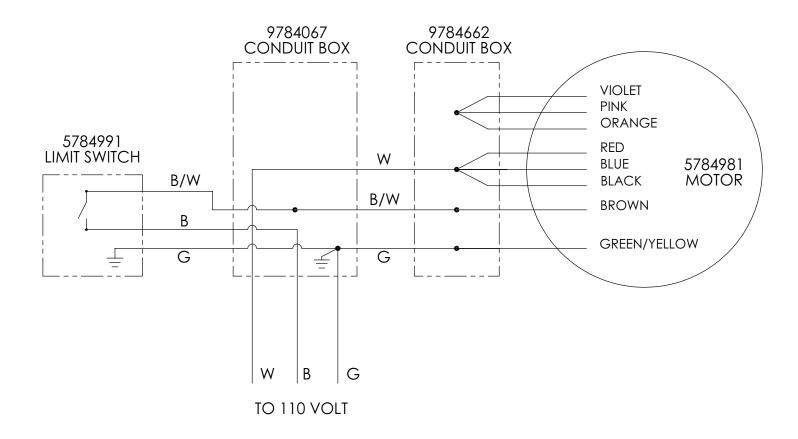

## 6. Troubleshooting

PROBLEM	CAUSE	REMEDY
	Not connected to power source	Connect to power source
	Building circuit breaker	Reset breaker
Machine won't operate	Machine door does not make contact with limit switch	Re-adjust switch to make contact wit limit switch screw when door is closed
	Motor thermal protector activated	Allow to cool, then restart
	Faulty motor	Contact Radia's Customer Care
Container won't fit properly into clamping plates	Container damaged	Fix or replace container
Machine dosent shut off when door is opened	Faulty door limit switch	Contact Radia's Customer Care
Increasing mechincal noise	Bearings worn or damaged	Contact Radia's Customer Care
Pail rotates inside the	top clamp not secure	Turn the crank handle down until top plate is sung on conatiner
clamping plates	Top clamp pad worn	Reaplce top plate

## 9. Ordering

### **Replacment Parts**

#### HOW TO ORDER REPLACEMENT PARTS

Replacement parts can be ordered from Radia by telephone, fax, or email:

RADIA
800-221-1083
763-533-2969
763-533-0015 (FAX)
orders@radiaproducts.com

If you need help in determining the proper part(s) to order, please call Customer Care. at 1-800-221-1083. Always indicate the Model and Serial numbers of the machine when ordering replacement parts.

#### **GENERAL PARTS REPLACEMENT POLICIES**

While your machine is under warranty, do not attempt on-site repair or parts replacement without first contacting RADIA. (to protect your warranty). After the warranty expires, replacement parts and recommendations for on-site servicing are available from RADIA. Please contact Customer Care for assistance.

#### **RESTOCKING FEE**

A restocking fee will be charged on all unused parts which are returned.

For instructional "How To" videos please visit: www.radiaproducts.com

www.radiaproducts.com (PHONE) 800-221-1083 | (INTL) +1-763-533-2969 | (FAX) 763-533-0015

### 10. Warranty Equipment Covered Under This Warranty Models 1025X1

### **Warranty**

Radia warrants equipment manufactured by it and bearing its name to be free from defects in material and workmanship.

#### EXCEPT FOR THE WARRANTY SET FORTH HEREIN, RADIA MAKES NO WARRANTY WHATSOEVER WITH RESPECT TO THE EQUIPMENT, INCLUDING ANY (a) WARRANTY OF MERCHANTABILITY; (b) WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE; OR (c) WARRANTY AGAINST INFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS OF A THIRD PARTY; WHETHER EXPRESS OR IMPLIED BY LAW, COURSE OF DEALING, COURSE OF PERFORMANCE, USAGE OF TRADE OR OTHERWISE.

This warranty applies only when the equipment is installed, operated and maintained in accordance with written Radia instructions as appearing in the owners' manuals.

This warranty does not cover, and Radia shall not be liable for, any malfunction, damage, or wear caused by faulty installation, misapplication, abrasion, corrosion, inadequate or improper maintenance, negligence, accident, tampering or substitution of non-Radia component parts, modification or use for non-intended purposes. Nor shall Radia be liable for malfunction, damage or wear caused by the incompatibility of Radia equipment with structures, accessories, equipment, or materials not supplied by Radia.

Subject to the limitations set forth above, Radia shall (i) repair or replace the equipment (or the defective part) or (ii) credit or refund the price of such equipment. Costs of labor and transportation for service of machines under this warranty will also be covered during the warranty period if Radia elects to repair or replace the equipment. Normal ground freight will be covered for replacement parts sent within the warranty period. For customers outside of the US and Canada, the warranty is for parts only. Ground or common carrier ground freight will be covered for the return of defective items only. In no case shall Radia's liability exceed the amount of the purchase price.

\*All warranty repairs must be executed by a Radia Authorized Service Center or warranty will be voided.

## THE REMEDIES SET FORTH HEREIN ARE PURCHASER'S SOLE AND EXCLUSIVE REMEDY and RADIA'S ENTIRE LIABILITY FOR ANY BREACH OF THE LIMITED WARRANTY SET FORTH HEREIN.

Please contact your Radia Relationship Manager at 800-221-1083 for specific questions regarding specific questions regarding warranty terms.
