

Jib 5 Gallon Lift Assist

LIFT

SAFE
SMART

Prevent employee injuries and improve workplace productivity with our ergonomic, precise jib crane lift device. This crane was designed for higher volume use with the ability to both load and unload pallets right at the tint line. Move within an 8, 10 or 12 foot arc for efficient and easy production. Other features include:

- Battery operated – no air or electric cords required
- Ergonomic, no-injury lifting – 1 lb of force to lift
- Easily lifts 5 gallon plastic or metal pails
- Customized end effectors available
